

Neighborhood House

Request for Qualifications

Release Date: 09/01/2026

Number:

Service Needed: IT/Technology Penetration Testing

About Neighborhood House

Neighborhood House is one of the oldest social service agencies in the Puget Sound region and has a long history of working with King County's immigrant, refugee and low-income communities. Our mission is to partner with diverse individuals and families to build community and achieve their goals for health, education and self-sufficiency. Last year, Neighborhood House served over 12,000 individuals of all ages through programming in the areas of early childhood education, youth development, family & social services, employment & adult education, housing stability, aging & disability services and community health.

Scope of Work

- **Penetration testing involves simulating real-world attacks to assess the security posture of an organization's network, uncover weaknesses, and evaluate how those weaknesses might be exploited by a malicious attacker. Both Internal and External Pen Testing to be provided.**
- **External penetration test which will simulate the activities of an external attacker attempting to breach the network through the network and/or end users.**
- **Internal penetration test which will assess an attacker's ability to move laterally within the network to discover sensitive data and additional vulnerable systems.**
- **Final report to NHWA. Remediation steps that need to be taken**
- **Project Implementation: Andrew/IT requires help implementing these changes**
